George A. Bartiett opposed the res-olution on the ground that it was un-usual and wholly adverse to the meth-ods used in similar conventions and caucuses of the republican party.

There were a few remarks exchanged and lively repartee.

The resolution was adopted, but not

The resolution was adopted, but not unanimously, there being a number voting against it.

W. H. Barron of Killingly obtained the floor and in a well worded and effective speech renominated P. B. Sloley of Danielson in the most laudatory terms for sheriff of Windham county. J. Fred Carpenter of Putnam addressed the convention and proposed the name of DeWitt C. Park of Brooklyn, as nominee for sheriff.

Charles A. Capen of Willimantic, in one of the most brilliant and effective speeches that he has ever made, after

speeches that he has ever made after rehearsing the history of the county organization and the work of the present incumbent, nominated twelve years ago, by Mr Capen himself, told of the necessity for a change and the influ-ence it would have on the young re-publicans now growing up and advanced an earnest plea for them, nominating Charles A. Gates of Windham for sheriff.

Result of the Polling.

The roll was called and the vote resulted as follows:

dates, nor what has been told in favor of my renomination, nor what answers have been advanced to the criticisms which have been made against myself and the management of the Windham county jail, for the failure or success of which I am practically responsible. I had felt that as good a business management was carried out there as in any county in this state, and that it was deserving of its share of credit for the successful management of our county affairs. Today Windham county has a surplus of over \$10,000 in the treasury, with no indebtedness, and real and personal property inventoried at over \$100,000.

Jailer Fields Commended. Jailer Fields Commended.

The first committee reported that there were forty-eight delegates present, and the list was read. Charles E. Searles, chairman of the committee on resolutions, offered a resolution to govern the procedure in the choice of a candidate for sheriff, and in it was specified that the roll must be called and the man whose name was called must arise and orally declare himself for the man of his choice.

Jailer Fields Commended.

I have taken what 1 believe to be a just pride in the officials at the jail which has contributed to the financial success of our county—in Deputy Jailer Field for his executive ability, energy and push that have made the jail a source of revenue rather than a borden upon the taxpayers of the county; in Asistant Deputy Park—no person could have better filled that position and performed the duties to which he was assigned during his position and performed the duties to which he was assigned during his eight years of service; and in which Mrs. Park—no better person could be found to fill the position of matron; she has helped many an unfortunate girl and woman committed to jail. It is through the efficient services and hearty to-operation of these officials that my duties have been made very pleasant. pleasant

Wants Full Investigation. I have not believed that a just criticism could be made against the management of the jail, but I have been confronted on the eve of my renomination by the report that an investigation was to had of alleged cruelties of Jaller Field and of other alleged complaints, with all of which you are familiar. Gentlemen of the convention, I want a full investigation of all the charges made, and that at the earli-I want a full investigation of all the charges made, and that at the earliest practical moment, so that all concerned may know the truth concerning these charges. I am aware of but one complaint. That came four years ago from a person who has been committeed from Willimantic twenty-one times, for larceny, theft, assault, preach of peace, drunkenness and bebreach of peace, drunkenness and be-ing a common drunkard at a total cost of \$336.03 to the town of Windham and many times that amount to the state.

When first placed in nomination and at each succeeding renomination, I promised to serve faithfully the interests of this county. That I have endeavored to do. I feel that I have enjoyed the extern and confidence of the joyed the esteem and confidence of the citizens of this county, irrespective of political parties, and if elected next November I will to the best of my ability serve the best interests of this county during this my last term of office. CHILD SCALDED. Coroner Bill Investigates Case Due to

Coroner Arthur G. Bill of Danielson came to this city and held a hearing Monday afternoon in police headquarters at the town building. About a week ago, Medical Examiner Dr. Louis I. Mason reported to him that a child had died as the result of scalding and the hearing Monday was to investigate the case.

the hearing Monday was to investigate the case.

Something like a week or so ago, Shephenia, the 12 days old daughter of Joseph and Mary Tyrczyk, died at her home on Union street from the effects of receiving a hot water bath. There have been a number of similar cases in the town of late years. Corpore Rill ovamined four or five wits oner Bill examined four or five wit-nesses during the hearing and while there might have been criminal negligence in this particular case, most of the evidence taken tended to indicate that the child was scalded accident-ally. Rose Bogda, the child's grand-mother, had put the infant into the bath and the water was so hot that it caused the skin to shrivel up and cause death.

The child lived about six days after

being placed in the water. The vari-ous witnesses testified that the child's
